

# Stainless steel

## Gastronorm container / grids

**Gastronorm containers** have become an indispensable part of the catering industry. They are perfect for preparation, storage or heating of food.

Our range of GN container sizes is just as varied as their applications. For all GN containers you will find comprehensive accessories on lids with or without bucket recess, as well as strainer or intermediate bars.

### Gastronorm container stainless steel AISI 304

#### Model TOP LINE

- Material: stainless steel AISI 304
- Lids available for all sizes, see page 222
- Perforated containers also available
