

Deso LBM disinfectant cleaner

Model NR.7 1,0L

- Powerfully cleans and disinfects all surfaces that can be washed with a damp cloth in commercial kitchens and butchers in one operation.
- At a dosage of only 1% (standard dosage) Deso LBM is effective against all kitchen-specific bacteria such as salmonella, staphylococci, E. Coli as well as HIV and HBV viruses, fungi and yeasts.
- Fulfills all requirements for the regular prescribed disinfection cleaning in the commercial kitchen.
- Clinically tested according to the guidelines of the VAH (DGHM) and DVG and certified by expert reports.
- With practical dosing cap
- **Only for sale in Germany**

i Use biocides safely!
